EDUCATION

- Dayananda Sagar College of Engineering** Karnataka, India
 - Bachelor of Engineering - Computer Science; GPA: 9.65* 2024-2028
 - Courses: Operating Systems, Data Structures, Networking, Databases*

SKILLS SUMMARY

- Languages:** Python, Java, C, C++
- Frontend:** React.js, JavaScript HTML, CSS
- Backend:** Node.js
- Tools:** Google Colab, VSCode
- Cloud:** Microsoft Azure
- Databases:** MySQL

CERTIFICATIONS

- Salesforce Agent AI Badge:** Earned a foundational badge demonstrating understanding of agentic AI concepts and autonomous AI systems.
- Gemini Certified Student – Google:** Certified by Google for foundational knowledge of Gemini models and generative AI concepts.
- Introduction to Generative AI Studio – Google Cloud:** Completed an online course covering GenAI Studio, model workflows, and prompt-based experimentation.
- Introduction to Prompt Engineering – Microsoft:** Learned core prompt engineering techniques for improving LLM responses and task performance.

PROJECTS

- Business Portfolio Website:** Developed a responsive business portfolio website as part of a college project to showcase services and company information. Implemented both front-end and back-end functionalities, applying core concepts of Java, data structures, and web development. Designed structured layouts and handled basic server-side logic. GitHub: Repository
- Contact Management System:** Built a simple contact management application supporting CRUD operations such as adding, editing, deleting, and listing contacts. Focused on data handling, logical flow, and user interaction to manage contact records efficiently.
- Restaurant Queue & Reservation System:** Designed a basic restaurant booking system that assigns queue numbers to customers upon reservation. Implemented queue-based logic to manage seating order and simulate real-time reservation flow.

ACADEMIC & TECHNICAL HIGHLIGHTS

- Solved 150+ programming problems on CodeChef, strengthening problem-solving skills and understanding of data structures.
- Participated in college-level hackathons, gaining experience in teamwork, ideation, and rapid application development.
- Completed industry-recognized certifications in Generative AI and Prompt Engineering from Google, Microsoft, and Salesforce.
- Consistent academic performance with strong fundamentals in computer science subjects.

POSITION OF RESPONSIBILITY

- Computer Science Department Cultural Club (AKIRA)** Dayananda Sagar College of Engineering
 - Active Member* 2025 – Present
 - Contribution:** Participated in organizing and coordinating departmental cultural and technical events, working closely with team members to ensure smooth execution.
- Literature Society (LitSoc)** Dayananda Sagar College of Engineering
 - Active Member* 2025 – Present
 - Contribution:** Engaged in literature-based activities including discussions, writing sessions, and event participation, contributing to content creation and collaborative initiatives.
